FOUNDED 1952

PLAY LEARN WIN!

2019 Juniors Program

The 2019 Program

Players are grouped by age and skill. Every player receives individual focus and feedback. Drills are energetic and challenging with a high FUN factor! Students develop the fundamentals - footwork, movement, hand-eye coordination, stroke mechanics and court etiquette.

Developing The Players Of The Future

Since 1952, SYTC has been dedicated to producing some of the finest young athletes in the region. In fact, five students in the program have received college scholarships in the past eight years.

"Playing on the clay courts really helped my development as a tennis player. The clay courts and teaching staff are great!"
Max Francis - #1 player at Assumption College
